A detailed ceramic sculpture of a horse, possibly a stallion, standing on a multi-tiered pedestal. The horse is depicted in a dynamic pose, with its head turned back and its tail raised. The entire piece is finished with a glossy, light-colored glaze.A tall, slender, light-colored vase with a wide, flared base and a small, dark, bird-like finial on top. The vase has a smooth, slightly textured surface and a subtle gradient of color. The finial is a small, dark, bird-like figure perched on top of the vase. The vase is set against a plain white background.
